NOTICE TO PURCHASERS.

We invite the attention of Nurserymen, Florists and Dealers to our Wholesale Trade List for the Autumn of 1894. These prices are for the Trade only, and supersede all previous quotations.

Our Deciduous Trees are all young and thrifty, grown with great care under a clean, thorough system of cultivation, carefully pruned and trained. They are handsome, straight and symmetrical.

Our Evergreens have been frequently root-pruned, and are finely rooted. They have been carefully grown into fine, nicely-furnished, well-developed specimens of their various ages and sizes.

Our Flowering Shrubs and Vines now include one of the largest and best assorted collections. They are of two grades—those of lighter grade or smaller size, intended for the Trade to transplant, and those which have been transplanted and have made fine, bushy plants. These are suitable to be used at once in filling retail orders. There is a difficultly in giving purchasers an idea of the class of shrub offered, where height alone is named.

TERMS.—Cash with order, or satisfactory reference.

REMITTANCES.—Remittances can be made by draft, registered letter or post-office money order on Morrisville, Pa., or we will forward by express, with bill to be paid, with cost of collection, on delivery.

SHIPPING FACILITIES.—The Pennsylvania, Baltimore and Ohio and Reading Railroads offer equal conveniences for shipping from Trenton, N. J., from which point all our shipments are made. We can forward West, via Pennsylvania Railroad, with through freight rates, without change of cars; North, via Lehigh Valley Railroad and Erie Dispatch; and South and East, by rail or steamship lines from Philadelphia or New York. We can obtain very liberal freight rates, as there is considerable competition from this point.

Purchasers are requested to name the mode of conveyance by which they desire their shipments made, otherwise we will forward to the best of our judgment. After delivering to the forwarders, all articles are entirely at the risk of the purchaser; should any loss or delay occur, the forwarder alone must be held accountable and responsible.

CLAIMS.—All claims for errors must be made upon receipt of stock. We desire to be informed at once of any errors that may occur, in order to rectify the same without delay.
Note.—In filling orders at the prices annexed, we will consult the wishes of customers as far as practicable in the selection of varieties.

THE GLENWOOD NURSERIES

Are situated near Morrisville, Bucks County, Pennsylvania, and are less than one mile from Trenton, N. J. They are but sixty miles from New York City and thirty miles from Philadelphia. The stations of the New York Division of the Pennsylvania Railroad, the Belvidere Division of the Pennsylvania Railroad, the Bound Brook Railroad, and the New York Division of the Baltimore and Ohio and Philadelphia and Reading Railroad, are all within a mile and a half of our Nurseries, and can be reached in fifty minutes from Philadelphia, and from eighty to ninety minutes from New York. There are trains from each point to Trenton, N. J., nearly every hour, daily, where carriages can be obtained.

All are cordially invited to visit our Nurseries and make their own selections.
